Celebration of Independence Day and Republic Day

Independence Day is celebrated annually on 15th August throughout the country. It reminds us about nation's Independence from the United Kingdom on 15th August 1947. It was the day when the provisions of the Indian Independence Act 1947 came into effect. Nation adopted the Constitution of India on 26th January 1950. India attained independence because of our freedom fighters, their sacrifices. Republic Day reminds us the date on which the Constitution of India came into effect i.e. on 26th January 1950.

KIMSDU celebrates Independence Day and Republic Day every year at University campus. Flag hoisting ceremony is arranged on the auspicious hands of Hon'ble Chancellor. Students and staff collectively celebrate these days together. Parade by students, NCC cadets, security professionals, fire brigade workers which was followed by a colourful cultural program in the University campus. A sense of pride towards country's glorious heritage is created in the minds of students. A deep sense of gratitude towards our soldiers, freedom fighters gets reflected in the behaviour of students. A feeling of एकदेश, श्रेष्ठदेश is created among staff and students. Celebration of these days inculcates values, sense of responsibility in students of KIMSDU.

Glimpses of Independence Day 15th August 2022

Republic Day

India's constitution, which was formally adopted in 1950, replaced the British colonial Government of India Act (1935) as the country's governing text. On January 26, 1950, the Preamble to the Constitution of India a statement presenting the key principles of the Constitution came into effect. This completed the country's transition to a sovereign republic. The Constitution establishes fundamental rights that should be enjoyed by all citizens of this country, regardless of their political beliefs. It also establishes some fundamental duties for all citizens of the country to abide by.

Programme summary:

26th January is celebrated as a Republic day in India. It was celebrated this year in front of KIMSDU Building. As per guidelines from Central & State Government it was celebrated by strictly taking precautions against COVID-19 infection spread. The students and staff members attended the programme. Flag hosting was done at the hands of Hon. Pro. Chancellor Dr. Pravin Shingare. It was followed by national anthem. The programme ended after parade of NCC students and security staff.

SCHOOL OF DENTAL SCIENCES, KIMSDU, KARAD

REPUBLIC DAY CELEBRATION, 26/1/2022

Department: College Student Council

Events: Celebration of **Republic Day**

Date: 25th January 2022

Time: 3.30 pm-5pm

Participants: SDS staff and students

Event organized by: SDS

Objectives:

Since 1950, every year January 26 is celebrated as Republic Day in India. It was on this day in 1950 that the Indian Constitution came into existence.

On the occasion of 73rd Republic Day Student council of SDS had organized a debate competition for exchange of knowledge among the peers. The competition was open for all students including UG and PG & faculty members. The competition allowed the participants and listeners to refresh and enrich their views and knowledge.

The event began with an Welcome speech by Preeti Dahitule from Intern in which she explained rules and regulations of the competition to participants. The participants were given various topics prior to the event and topic for finals was given on the spot. In total 4 teams had participated from which, “Team Staff” was Winner where as “Team 2nd year” was Runner up.

Glimpses of the Program

**CELEBRATION OF CONSTITUTION
DAY OF INDIA**

KRISHNA INSTITUTE OF MEDICAL SCIENCES “DEEMED TO BE UNIVERSITY”, KARAD

Dr. Atul Bhosale, Chairman, Krishna Sahakari Bank Ltd. Rethare Bk. put flower garland on idol of Shri Chatrapati Shivaji Maharaj. It was followed by Aarti of Chatrapati Shivaji Maharaj. All students actively participated in the event with great enthusiasm.

Shivjayanti Celebration

Elocution Competition on Dr. Babasaheb Ambedkar Jayanti

Ambedkar Jayanti or Bhim Jayanti is an annual festival observed on 14 April to commemorate the memory of B. R. Ambedkar, Indian polymath and civil rights activist. It marks Dr. Babasaheb Ambedkar's birthday who was born on 14 April 1891. Since 2015 it has been observed as an official public holiday throughout India. Ambedkar Jayanti is celebrated not just in India but all around the world. Ambedkar struggled for equality throughout his life, hence his birthday is celebrated as 'Equality Day' in India, and the demand to declare this day as "International Equality Day" goes to the United Nations.

Name of the programme- Elocution

Date: 12/04/2022

Time: 4.00pm-5.00pm.

Venue: MET Hall, KIMS DU Karad

No. of participants: 11 speakers & 60 Audience

Programme summary:

Elocution of students on Dr. Babasaheb Ambedkar Jayanti was arranged today. Students participated very enthusiastically in the event. They spoke about Dr. Babasaheb Ambedkar's contribution in formation of Indian Constitution, in giving fundamental rights to Dalits, in spread of Buddhism in India, books written by him notable one of them is Indian Rupee. His work will be inspiration for many generations. The programme ended with vote of thanks.

National Flag Protocol Awareness Campaign

10th & 12th August, 2022

75th Independence Day of India was celebrated under the umbrella of 'Ajadi ka Amrut - mohotsave'. One of the event was 'Har Ghar Tiranga' program in which all citizens were invited to hoist National Flag at their home & work places. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an expression of our commitment to nation-building. The National Cadet Corps NCC unit of Krishna Institute of Medical Sciences "DEEMED TO BE UNIVERSITY" Karad has enthusiastically taken the initiative of 'National Flag Protocol : Awareness Campaign'. The cadets received training from Security officer Shri. V. Y. Chavan who is an Ex-serviceman. The cadets further went to nearby villages and extend the knowledge about Flag protocol. They have addressed points like flag specifications, how to honor the flag, how to fold it, relaxation in Flag code for Har Ghar Tiranga program etc. The campaign was conducted in 5 villages adopted by the University on 10th & 12th August, 2022 to create awareness about National Flag and motivate the villagers to hoist the flag at their home and workplaces with pride and honour from 13th to 15th August, 2022. Total 40 cadets participated in the campaign. Senior under Officer RIA Deshpande, Cadet Prasad Desai & Cadet Shubhangi Kewale delivered the information to the audience. They also demonstrated to villagers how to fold the flag. Later they carried out the rallies in respective villages. GCI Ms. Aishwarya Jagtap led the team.

Independence Day 15th August 2022

This year being the 75th year of independence of India, the day was celebrated with joy and enthusiasm. The theme was Ajadi ka Amrut Mohotsav and Har Ghar Tiranga.

The NCC cadets paid respect to the national flag in the march past. 28 cadets platoon was with arms & 22 cadets platoon was without arms. Total 50 cadets of senior division and senior wing were participated in the celebration. The morning of the Independence Day in the university started with a grand morning assembly at exactly 8 am. All teaching & non-teaching staff of KIMSDU were present for the occasion.

ORAL HYGIENE DAY CELEBRATION – 1/ 8/ 2021

Department: Periodontology

Events: Celebration of Oral Hygiene day

Date: 1st August 2021

Time: 10am-5pm

Participants: Perio department staff, PGs, and students

Event organized by: SDS

Objectives:

To spread awareness and importance of oral health in the community.

Oral hygiene day is celebrated all across India on 1st August of every year in memory of Late Dr. G. B. Shankwalkar, who was the founder member of Indian Society of Periodontology.

Report: As part of the celebration, Department of Periodontology took the opportunity to spread awareness and importance of oral health in the community by conducting National level Photography Competition and Oral Hygiene Quiz competition at School of Dental Sciences.

There were total of 155 entries from different colleges of India in National level Photography Competition. Undergraduates, Interns, Postgraduates and Teaching Staff participated with enthusiasm. Participants were asked to click best picture/ selfie focusing on smile, add a short message conveying the importance of oral hygiene at the bottom.

All the staff members, Dr. Girish Suragimath (Professor & HOD), Dr. Siddhartha Varma (Reader), Dr. Sameer Zope (Reader), Dr. Apurva Kale (Senior Lecturer), Dr. Vaishali Mashalkar (Senior Lecturer) and Under graduate, Post graduate students in the department were actively involved in screening and treatment camp. The Oral Hygiene day program was successful in creating awareness among general population about importance of oral health in the maintenance of general health.

ORTHODONTIST DAY CELEBRATION

DATE : 5/10/2021

Department: Orthodontist

Events: Celebration of **Orthodontist Day**

Date: 5th October 2021

Time: 10am-11am

Participants: Ortho department staff, PGs, and students

Event organized by: SDS

Objectives:

Department of Orthodontics celebrated National Orthodontist Day on **5th October 2021**. The Indian Orthodontic Society (IOS) was established on 5th October 1965 by seven founding members, and this is the reason that the dentist community celebrates this day as 'Orthodontists Day' in India.

On the occasion of Orthodontist Day on **5th October 2021**, the event started with the cake cutting ceremony by the Head of the Department Dr. Chanamallappa R. Ganiger Sir and all the faculty members of the department. The post-graduates, interns and final year under-graduates had also joined the ceremony. There were refreshments served after the cake cutting ceremony and sweets were distributed to the patients.

After refreshments the event that followed was the patient education. Patient education was carried out on the topic maintenance of Oral Hygiene during Orthodontic treatment. Patients were made aware about the importance of oral hygiene maintenance and the various methods and techniques of maintaining the hygiene.

Number of Teachers Participated: - 01

Number of students Participated: - 20

Number of Beneficiary: - 162

GLIMPSES OF ORAL HEALTH SCREENING CAMP

NATIONAL ORAL PATHOLOGIST DAY

DATE : 25/2/2022

Department: Oral Pathology and Microbiology

Events: Celebration of National Oral Pathologist Day

Date: 25th February 2022

Time: 10.30 am-5pm

Participants: SDS staff and students

Event organized by: SDS

Objectives:

25th Feb has been designated as the National Oral Pathologists Day as a tribute to Dr. Harnath Manishankar Dholakia (DOB- February 25, 1926) , the first postgraduate teacher of Oral Pathology in India.

To promote the subject of Oral Pathology

Department Of Oral Pathology and Microbiology has organized 3D Model making competition and Educational Video making competition to promote the interest in the subject of Oral Pathology.

Model making involves transformation of theoretical concepts that need visualization into tactile objects that can be seen and felt. The influence of digital videos in education is undeniable, where abstract topics that once seemed difficult to teach and learn are now more accessible and understandable.

Videos create a more engaging sensory experience than using print materials alone, providing on the go learning resources that can be accessed anywhere, increase retention and increase student engagement. First to final year students participated in above competition.

NATIONAL CONSERVATIVE AND ENDODONTICS DAY 5/3/2022

Department: Dept. of Conservative and Endodontics

Events: Celebration of National Conservative and Endodontic day

Date: 5th March 2022

Time: 10am-11am

Participants: Cons and Endo department staff, PGs, and students

Event organized by: SDS

Objectives:

Federation of operative dentistry was formed on 5th march 1982 by 5 most respected senior teachers in OPERATIVE DENTISTRY. The name F.O.D.I was changed to IACDE (Indian Association of Conservative dentistry and Endodontics) in year 2011. 5th march is being celebrated since 2017 with the motive of Creating an Awareness about our specialty to the patients & also spreading the concept of Plastic Free Dental Practice.

Report: The Department of Conservative Dentistry and Endodontics celebrated the National Conservative Dentistry and Endodontics day on 5th March 2022 at Department No. 3 of School of Dental Sciences, Karad in the memory of Dr. G.V Black.

Honorable Dean Sir, Dr. Shashikiran N.D inaugurated the function and all the staff were invited for the same.

The day was celebrated to bring awareness in the population regarding the various treatment modalities carried out by the department. Patient education and awareness was the core objective decided by the department, various videos and posters were demonstrated to the patients who visited the department on 5th March 2022. As well as various competitions were conducted for the students on “Cons and Endo Day” theme, like poster presentation, soap carving.

NATIONAL DENTIST'S DAY CELEBRATION- 7/3/2022

Department: Public Health Dentistry

Events: Celebrating National Dentist's day

Date: 7th March 2022

Time: 10am-12pm

Participants: Public Health Dentistry department staff and students

Event organized by: SDS

Objectives:

Dr. Rafiuddin Ahmed is known as the Father of Modern Dentistry in India. In India, the Indian Dental Association (IDA) is an independent, dedicated body that represents dental professionals. So, National Dentist's Day is celebrated to honour the specialists associated with dental care for aiding us with their expertise.

Activity Report: - The Department of Public Health Dentistry, SDS, KIMSUDU, Karad celebrated National Dentist's Day 2022 by conducting an Oral Health Check-up Camp at City Police Station, Karad. The participating students conducted a thorough oral health screening for the police staff of Karad city and educated them regarding maintenance and promotion of good oral health. Tooth brushing demonstration was given and proper oral hygiene techniques like flossing, mouth rinsing, tongue cleaning etc. were taught to the beneficiaries.

Impact/Outcome: - 48 beneficiaries and 16 students were benefited by this event.

Number of Teachers Participated: - 01

Number of students Participated: - 16

Number of Beneficiary: - 48

Number of students Participated: - 12

Number of Beneficiary: - 61

WORLD HEALTH DAY CELEBRATION

DATE : 7/4/2022

Department: School Of Dental Sciences

Events: Celebration of World Health day

Date: 7th April 2022

Time: 10am-11am

Participants: Staff, PGs, and Students

Event organized by: SDS

Objectives:

To draw attention to specific health topic of concern to people all around world

The date of 7th April marks the anniversary of the founding of WHO in 1948

Report: On Thursday 7th April 2022 ,on the occasion of WorldHealth Day, Special Olympics Bharat,with initiative of central government of India ,organized “Special Smiles”;oral screening program for special Athletes.In the 72 cities across the nation oral screening and health check up was done simultaneously which further held a Guinness book world record for screening number of patients. The state of Maharashtra was allocated 5 centers namely Mumbai, Pune, Latur, Ratnagiri and Kolhapur wherein screening at Kolhapur city was managed solely by School of dental sciences, Karad.

A team of 14 post graduate students, 19 interns and 2 final year students under guidance of Dr. Shashikiran N D, Dr. Namrata Gaonkar,Dr. Savita Hadkar, Dr.Sameer Zope, Dr. Siddharth Varma, Dr. Sandesh Phaphe & Dr.Mouneshkumar participated in this event.

On reaching the venue, by 9am,inauguration was done by the hands of Mr. Pradeep Ghate ,district health and welfare chief and Mrs. Smita Dixit, founder of jidnyasa school for special education and mentally Handicapped children welcomed the team of doctors, post graduate students and interns. Multiple stations were set up for health promotion as well as for dental check up. Each station was assigned one assistant clinical director, one medical volunteer and one general volunteer to work as a team. There were 10 such teams who performed this screening efficiently.

During screening the special athletes along with their parents and care-takers were checked for general health. They were also explained about the importance of good eating habits, hydration and daily physical activities with the help of posters related to diet, sun protection. As a part of oral screening the teams recorded oral findings in the SOB app–Special Olympics Bharat app using disposable mouth mirrors and probes. Around 100 special athletes were Screened for general as well

as oral health. The entire day spent with specially abled childr.en and adults raised the spirits of all the volunteers and doctors.

NSS Regular Activity

Date: 15/06/2021

Topic/Theme: Ban Single Use Plastic.

Place of activity: Gondi, Tal: Karad.

Details of the Activity carried out:

NSS team, staff and student volunteers, carried out activity on 'Ban Single Use Plastic' by visiting Gondi villagers house-to-house. They issued hand-bills; to the family member present in the house; displaying the pictures of routinely one time used plastic items. This hand-bill also suggested the alternates that to be implemented. NSS team counseled villagers to avoid plastic items totally as they are not biodegradable. They also informed villagers that plastic waste is adversely impacting the soil, water, health and well-being of citizens. These wastes also are responsible to choke the rivers and water systems. They were suggested to use reusable plastic items or material made up of wood, paper, or metal or any material which is biodegradable like mud cups or earthen pots. NSS team of staff and students visited 57 houses in this campaign.

NSS Special Camp (19 – 25 March, 2022)

After one year gap, NSS Special Camp was organized in village Shere, Taluka Kard from 19th to 25th March, 2022. Sixty student volunteers; 10 Medical, 14 Dental, 16 Nursing, 10 Pharmacy and 10 Physiotherapy; participated in this Camp. They carried out the assigned activities under guidance of their faculty in-charge. Total 15 staff, teaching and non-teaching, supervised and controlled this Camp. Students served morning as well as evening tea breakfast, and meals for all seven days.

Day 1 (19 March, 2022): We all welcomed by Mr Balasaheb Nikam; Member Taluka Panchayat Samiti, Karad, Mrs. Sangita Sunil Nikam; Sarpanch Shere Grampanchayat, Mr Sameer (Kaka) Patil; Deputy Sarpanch; Gram Panchayat Members and Shere villagers at the camp sight. Student volunteers walked around the village Shere to aware villagers about the NSS Special Camp. They were made aware about activities carried out during the Camp period. After completing the rally all students paid house-to-house visit to distribute the palm plate informing our 7 day schedule with requesting to participate in the scheduled activities.

In presence of Bajirao alias Aaba Nikam, Director, Krishna Sahakari Karakhana Ltd Rethare Bk, Mr Balasaheb alias Baludada Nikam; Member Taluka Panchayat Samiti, Karad inaugurated the Camp activities. This was continued by a talk on 'Madhumehavar Bolu Kahi' (Current Issues on Diabetes) which delivered by Dr. Mrs Gouri Tamhanakar. She explained facts associated with development of diabetes and how to prevent it. In the last she discussed diabetes with student participants in their discipline point of view.

Day 2 (20 March, 2022): NSS student volunteers walked around the village and communicated the Blood Donation activity. During this walk they communicated importance of blood donation to the villagers. They insisted youth to donate the blood. A team of Blood Bank of Krishna Hospital lead by Dr. Suvarna Chavan appeared at Camp site with all equipments and expert staff. Total 35 youngsters reported their interest in blood donation. However, 26 eligible youngsters donated blood while 9 youngsters though willing to donate blood were rejected due to health reasons.

Students conducted survey on 'School Dr.opout'. On this days survey not a single case of school Dr.opout was found.

In the afternoon, during leisure time, a visit to Krishna Sahakari Sakhar Karakhana was done.

Day 3 (21 March, 2022): NSS student volunteers visited house-to-house and invited villagers to participate in Demo-cum-Training of First Aid to the Cardiac Arrest person in morning session. Students also communicated them regarding afternoon session of a talk on 'Chatrapati Sambhajiraje'.

Dr. Mrs Sharvari Belapure, Anesthetist Krishna Hospital, communicated participants about need of training of the First Aid to the Cardiac Arrest person. She demonstrated the first aid on the model, repeatedly. Further she insisted and invited the participant students and villagers to practice on the model.

In the afternoon Prof Arun Ghodake, Azad Vidyalay, Kasegaon delivered a talk on 'Chatrapati Sambhajiraje'. He talked for 1½ hour. The flow of his talk was excellent. He talked using ancient vocabulary. Participants admired his presentation.

Principal Dr. S T Mohite, KIMS; Dr. Shashikiran, SDS and Dr. VaraDr.ajalu, KCP visited Camp and speak to students. Dr. M P Ambali, Professor of Anatomy also visited along with these principals. They encouraged students in performing NSS activities whole hearted. Students found very happy on their visit and guidance.

Day 4 (22 March, 2022): NSS student volunteers informed villagers by visiting house-to-house about Health Checkup and Blood Sugar Level Investigation Camp.

In Health Checkup Camp, consultants in the discipline of Medicine, Ob. Gyn, and Pediatrics attended to give expert guidance to the villagers. Physiotherapy consultants also attended the camp and gave guidance of essential exercises to the needy. Student volunteers assisted the consultants in all procedures of the camp. They assisted since registration, leaving at appropriated consultant, to issuing of medicines. Total 216 (Medicine: 66, Ob. Gyn.: 89, Pediatric: 36 and physiotherapy: 25) villagers visited camp to check their health. The needy were also given medicines. Apart from health checkup, 119 checked their (random) blood sugar level. Amongst these 31 were with increased BSL. They were advised by Medicine consultants.

In the afternoon, during leisure time, a visit to Ramaling Bet, where a temple of Shri Hanuman is established by Ramadas Swamy, was done. It is a beautiful famous tourist place.

Day 5 (23 March, 2022): NSS student volunteers walked around the village and invited villagers to check their blood group. They communicated villagers that in emergencies it is essential to know own blood group. Same time they also invited villagers to attend a lecture on 'Rural Development in scientific view' in the afternoon session.

A team of experts from Dept of Pathology lead by Dr. Avinash Mane appeared at Camp site with required laboratory material. Student volunteers assisted the team. In this blood Group investigation camp 114 school chilDr.en, in the morning session and 77 adolescents, in the afternoon session were investigated. For school chilDr.en, investigation was carried out in the school itself.

After school chilDr.en's blood group investigation Dr. Jayant Pawar, Research Associate, Director of Research Office, KIMSDU delivered a talk on 'Rural Development in scientific view'. He guided the way in which rural development can be done, better. For better development he suggested to think of and adopt educational services, medical services, base of human resource and modern farming technology. It was wonderful guidance to villagers and students.

This talk was followed by 'Meditation Guidance' by Yoga Trainer Mr Ganesh Salunkhe. He guided and extended training of Meditation with explanation of its importance in day-to-day life to everyone. All realized Meditation is the best ultimate for relieving stress.

Principal Dr. Doijad, KIP visited Camp along with Assistant Professor Anup Patil. They talked with students and encouraged in giving wonderful performance in Camp activities.

Day 6 (24 March, 2022): The guidance on 'Disaster Management', 'Environment (Biodiversity of Western Ghat)' and 'Modern Agriculture and Seeds' were communicated as 6th day's topics of the Camp to all villagers by NSS volunteers.

Mr Sheshin Kumbhojekar, a dynamic person with some of the material required during disaster, presented a talk on Disaster Management. He explained need of the equipments in rescue management, how to use such equipments, what kind of equipments are needed in different kind of disasters, etc. He shared his experiences during rescue operation. He also told how he overcome from difficult situations aroused during rescue. His presentation was amazing.

Mr Suhas Waingankar, a devoted environmentalist, talked on importance of plantation. He specially talked on Biodiversity of Western Ghat. In this talk he informed various plants present in Western Ghat and its use for human being and also for animals. He guided need of variety of plants to be planted for survival of different kind of birds and butterfly. Overall he conveyed importance of biodiversity and need of its maintenance.

In the afternoon session Dr. Bharat Khandekar, Scientist, Krushi Vidnyan KenDr.a, Kale communicated the need and importance of Modern Farming. He convenience that since day-by-day there is increasing lacunae in

manpower for agriculture activities, advanced agriculture technology should be adopted. He also insisted to preserve the old kind and quality of seeds as these are about to vanish.

Ms. Archana Koulagekar, Assistant Registrar Academic, KIMSDU visited Camp and cheered students in doing something different from studies which are essential for betterment of society. Students happily appreciated her views.

Day 7 (25 March, 2022): On the last day of Camp students visited Lord Mahadeo Temple at Chouraginath. As temple is situated on the top of Chouraginath Hill, students climbed last 200mts on the steps. This was in view of the tracking of the hill for students.

After the tracking-cum-visit, students returned at Camp site and cleaned roads and temple surroundings with deep interest.

Topic/Theme: Impact of diet on animals, planet and health

Place of activity: KIMSDU Campus, Karad

Details of the Activity carried out:

Vegan Outreach, the International organization working for the environment and animal rights, collaborated with Ministry of Youth Affairs and Sports, arranged a webinar (10:00am to 11:30am) for creating awareness among students about importance of sustainable and healthy diet on August 5, 2022.

Ms. Astha Gupta, representative of this Organization, delivered a talk on this topic under title 'Food-Planet-Health-Certification Webinar'. During her talk she brought to the notice of all participants about the risk of junk food practices. She explained in detail hazards of Animal Agriculture; particularly about animal milk, poultry industry and meat along with diseases spread due to intake these food items. She also communicated how ethics are broken down in Animal Agriculture. During her deliberation she presented a video on life of animals in Animal Agriculture. This documentary depicted cruelty made by human beings, for their tongue happiness, on animals. She also conveyed effects of Animal Agriculture on climate and environment. To overcome these crises she encouraged participants to accept vegan food and also informed the alternate vegan food items satisfying dietary requirement of proteins, iron, calcium, etc. At the end she told benefits of vegan food consumption to human as well as animal!

This webinar attended by 178 students of KIMSDU.

CONTAINER SURVEY AT DHONDEWADI ON 17/11/ 2021

Name of college –Krishna Institute of Nursing Sciences, Karad

Title of Programme –Container Survey at Dhondewadi, Karad

Place:, Dhondewadi Karad

Batch- 4th year B.BSC (N)

Date : 17/11/ 2021

Time : 9 am to 1 pm

Summary:

Total 108 houses surveyed and in that 573 family members are inspected for dengue fever cases also water holding containers in indoors, outdoor and overhead tanks for Aedes larvae surveyed and we found eight containers positive for larvae. Abate solution put in positive barrels to kill larvae and then emptied barrels. All positive containers get emptied immediately and get rubbed and cleaned thoroughly and kept open in sunlight.

Outcome of survey:

Aedes aegypti is the principle dengue vector in the rural areas.

Impact/Outcome:

Among 108 families, only eight containers found with larvae during survey. The families were instructed to make container empty, washed thoroughly & let it dry for one day. Awareness created among the families about the breeding places of mosquitoes, eradication of mosquitoes, larvae, eggs and to keep inside and outside environment clean and dry.

**DEMOGRAPHIC AND EPIDEMIOLOGICAL SURVEY AT BUDHAWAR PETH, KARAD
ON 29/11/2021 & 3/12/2021**

Name of college –Krishna Institute of Nursing Sciences, Karad

Title of Programme –Demographic and Epidemiological Survey Programme

Batch- 4th year B.BSC (N)

Date : 29/11/2021 & 3/12/2021

Time : 9 am to 1 pm

Batch: 4TH year Basic BSc (N)

Place: BudhawarPeth, karad

Time: 9 am to 1 pm

Number of Teachers Participated –02

Number of Students Participated – 10

Number of Beneficiary - 40

Summary: To motivate the people for vaccination and follow strictly the Government's guidelines such as wearing facemasks, use of hand sanitizers, maintaining social distancing and avoid to go out of home unnecessary. Faculties of Dept. Community Health Nursing, KINS, 4th yr. B.BSc (N) – 25 students has organized dengue epidemic survey and Covid -19 Vaccination survey carried on 29/ 11 / 2021 & 3/12/2021 at BudhawarPeth, Karad.

Impact/outcome:

Total 60 houses surveyed in BudhwarPeth and out of that we assesses 194 familymembers. In that male – 60, female-83, male child- 28 and female child- 24 assessed. Out of this assessment we found only one Diabetes mellitus case, and no fever cases and 5 hypertension cases as well we found only one container was positive. So we emptied that container and kept it for Dr.ying after washing it properly.

**School of Dental Sciences
Department of Public Health Dentistry
Online Oral Health Education Programme
(1st June to 31st December 2021)**

Oral diseases are one of the most prevalent conditions in the world and are largely preventable. Prevention of disease, disability and suffering should be a primary goal of any society that hopes to provide a decent quality of life for its people. Many different approaches to preventing dental diseases exist and the most cost-effective method is health education. It has been well-documented in dentistry and other health areas that correct health information or knowledge alone does not necessarily lead to desirable health behaviors. However knowledge gained may serve as a tool to empower population groups with accurate information about health and health care technologies, enabling them to take action to protect their health.

The concept of Online Oral Health Education Programme evolved when the outreach and extension activities of the institution were halted because of the SARS-CoV-2 Pandemic and the Department of Public Health Dentistry couldn't conduct the routine health education regime. The teaching faculty of Department of Public Health Dentistry, School of Dental Sciences, KIMSDU, Karad, came up with the idea of conducting online health education sessions for school children, housing societies, offices, colleges, special institutions, etc. in and around Karad city and other neighboring districts of Maharashtra.

Since December 2020 the Department of Public Health Dentistry, School of Dental Sciences, and KIMSDU has successfully conducted 80 Online Oral Health Education Programmes. This initiative has been appreciated by all the participating schools and institutions.

Time	9am To 2.30pm
Place	Ond
Name of the collaborating agency	Pandit Govind Vallabh Pant High School, Ond
Contact Details	Principal - U B Pol : 9921482698

Activity Report (Brief):- On Wednesday 24th November 2021 Department of Paediatric and Preventive Dentistry, School of Dental Science, KIMSUDU, Karad had organized a free dental check-up and oral screening camp for students of Pandit Govind Vallabh Pant High School. A team of 6 postgraduate students, 7 interns and 5 final year students under guidance of Dr. Shashikiran.N.D, Dr. Sachin Gugawad, Dr. Namrata Gaonkar, Dr. Swapnil Taur and Dr. Savita Hadakar had organized this free dental check-up camp.

On reaching the venue, a group of 71 students were selected for oral screening. Students were made to assemble in school's cultural hall and all COVID-19 protocols were followed. Final year students along with interns and post graduates performed a skit to make students aware of importance of maintaining good oral hygiene. Students were given demonstration of different toothbrushing techniques. There were 3 groups of Interns and post-graduates conducted oral screening.

During screening students were then individually explained importance of maintaining good oral hygiene. Students with good oral hygiene and low caries index were rewarded to encourage to maintain good oral health.

Dr. awing competition was also conducted and students were encouraged to Dr. aw different oral hygiene aids. 6 winners among students were selected and awarded with prizes.

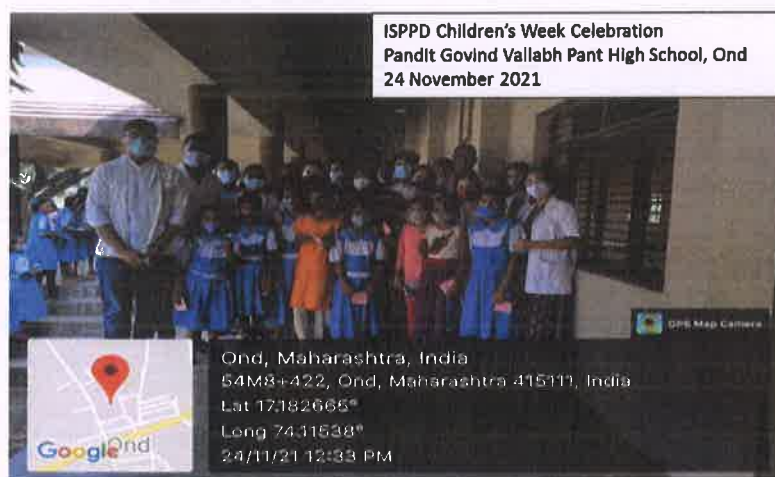

Impact/Outcome: - The camp was a success and it was great learning experience for all of us. We were able to spread importance of good oral hygiene among chilDr.en.

NSS Regular Activity

Date: 15/06/2021

Topic/Theme: Ban Single Use Plastic.

Place of activity: Gondi, Tal: Karad.

Details of the Activity carried out:

NSS team, staff and student volunteers, carried out activity on 'Ban Single Use Plastic' by visiting Gondi villagers house-to-house. They issued hand-bills; to the family member present in the house; displaying the pictures of routinely one time used plastic items. This hand-bill also suggested the alternates that to be implemented. NSS team counseled villagers to avoid plastic items totally as they are not biodegradable. They also informed villagers that plastic waste is adversely impacting the soil, water, health and well-being of citizens. These wastes also are responsible to choke the rivers and water systems. They were suggested to use reusable plastic items or material made up of wood, paper, or metal or any material which is biodegradable like mud cups or earthen pots.

KRISHNA COLLEGE OF PHYSIOTHERAPY**

WORLD CANCER DAY CELEBRATION: 4th Feb 2022, Friday

Activities:

1) Lecture on World Cancer Day explaining the theme for 2022, “Close the care gap”

By: Dr. Anand Guddur, Radiologist and Oncologist, Krishna Institute of Medical Sciences “Deemed To Be University”, Karad.

2) Lecture on “Role and Importance of Physiotherapy rehabilitation in Pre and Post-Operative Cancer patients”.

By: Dr. G. Varadharajulu, Dean Krishna College of Physiotherapy, Krishna Institute of Medical Sciences “Deemed To Be University”, Karad.

Time: 10:30 AM -12:30 PM

Venue: UG - IV Year Classroom, Krishna College of Physiotherapy.

3) Camp for Pre and Post-operative cancer patients that included assessment, evaluation and advice on exercises.

Organized by Krishna College of Physiotherapy.

Time: 12:30 PM – 5 PM

Venue: 3rd floor of Krishna College of Physiotherapy.

As per WHO Theme for World Cancer Day 2022: “Close the care gap”, Krishna College of Physiotherapy took the opportunity to raise not just awareness about Physiotherapy in Cancer but also targeted the misinformation and stigmas that circulate in the society. This theme literally means that one needs to understand and recognize the inequities in cancer care and have an open mind.

We first started with a formal program where we had the presence of Dr. Anand Guddur, Radiologist and Oncologist, Dr. G.Varadharajulu, Dean Krishna College of Physiotherapy, Dr. Mirium John, Superintendent of Physiotherapy Department, Dr.P Durgawale and Dr. Trupti Yadav, Head of Department, Department of Oncologic Physiotherapy. This event was hosted by Dr.Pratibha Pandekar and Dr.Neeta Chavan.The program was started with a prayer service and a prayer song followed by felicitation of all the patients with flowers by Dr.Sangeeta Yadav and Dr.Malti Bhambure. The patients and their families were requested to introduce themselves and share their experience of how they have or are fighting their battle with cancer. There were 20 patients along with Staff members, PGs, interns and final year students of Krishna College of Physiotherapy.Dr. Anand Guddur explained us the theme of The World Cancer Day, how inequity and assumptions is costing lives of the people, how low income, discrimination based on ethnicity, gender, age are some of the factors that affect the care of the patients in a negative way. Sir gave a very important message to the students that they need to work not just on the body but the whole of the patient i.e. we need to understand and treat the emotional and mental well-being along with the physical impairments. The patients talked about their experiences and how their families and community lended support. Some shared heart touching stories of their journey that made us admire them even more. Dr. Durgawale maam shared her own experience with her fight with cancer and how she had a never giving up attitude. She encouraged all the patients to believe in this mantra and with determination everything is possible. Dr. G Varadharajulu shared light on the importance of Physiotherapy in cancer. He

explained how exercises before and after surgery can bring about better outcome for patients so that they can perform their daily activities with more strength and less pain. He suggested and encouraged the students to collaborate with other faculties of Physiotherapy and combine their expertise in oncology, which will be beneficial for the patient's overall welfare and development.

After the formal function, a camp was held for the rest of the day where each patient's demography, complaints, past history were noted by the interns. A detailed systemic assessment with necessary outcome measures were performed. Short term and long term goals were planned, upon which treatment was given to the patients. There were new patients who learned as to how they can progress with Physiotherapy when it is kept in conjunction with their ongoing medical management and some old patients who came for a follow-up checkup.

The challenge for treating cancer is formidable, but as health care professionals, it is our duty to lend our support and make sure that there is true equity for all individuals with Cancer. Julie Gralow, ASCO'S Chief Medical Officer rightly said, "In the shadow of COVID's terrible and unequal toll, health equity needs to be a central motivation for all of us working in cancer care and research. It's time to truly move the needle so underserved communities around the world can receive the high quality, equitable care they deserve."

Ashadhi Wari health camp and awareness program at post Kauthuli (Atapadi.)

Date/Day	6 July 2022
Time	10:00 AM
Place	Kauthuli
Name of collaborating agency	Shri. Sadguru MachinDr.anath palakhi Mandal.
Contact details	9657796484

This health camp and awareness program arranged by team of Krishna hospital and Extension unit of KIMSDU. Ashadhi Wari is very ancient cultural program celebrated in Maharashtra. Hence, many peoples (Warkari) participated in this program and heading to Pandharpur to meet Lord God Vitthala.

In this program people are walking and go to Pandharpur, so important to maintain their health and hygiene is very challenging for government bodies. So our team organize awareness program for the people regarding health and precautionary measures for maintaining cleanliness. During whole Wari program. Our team participated in program and gave health services through camp & spread Awareness among people through group discussion, loudspeaker announcement and program continued with pamphlet distribution.

KRISHNA INSTITUTE OF NURSING SCIENCES, KARAD.**

Title of the Activity: Water Container Survey

Date/Day	7/07/2022 Thursday
Time	10.15 am to 1 pm
Place	Raviwar Peth, Karad
Name of the collaborating Agency	Sau. Venutai Chavan Sub-district Hospital, Karad.
Contact Details	Sushma Shete 7498580744

Activities report

Home to home survey done for any clinical signs of signs & symptoms of Dengue, Malaria etc. such as fever with chills or rigors etc. Nursing care taken of such cases immediately followed by referral services to the nearest Govt. health centers. A household entomological survey was conducted in Raviwar Peth Urban area of Karad Taluka in Satara District. Total no. of screened families for water containers are-100.

Searched various types of containers used for water storing such as plastic barrels, tanks and cement tanks etc. Examined each and every water containers for presence of larvae with naked eyes and torch exam..Observed sanitation around the home such as stagnant water, open Dr.ainages Planned for follow up visits for monitoring healthy practices in prevention of Vector Borne Diseases. Reported these positive cases to health authorities through proper channel for further action in prevention and control of Dengue, Malaria etc.

Impact / Outcome : Congested houses, open Dr.ainages, poor environmental sanitation etc. are also the supportive factors to cause vector borne diseases. The families were instructed to make container empty, washed thoroughly & let it Dr.y for one day. This prevents the growth of the larvae & destroys breeding places for mosquito. This will definitely helps to prevent & control vector borne disease.

Number of Teachers Participated: 1

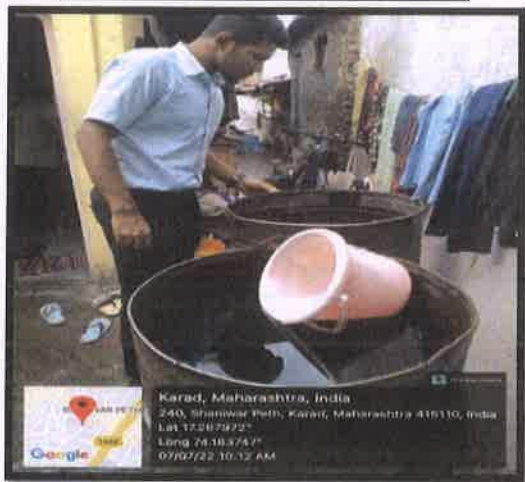

Number of Students Participated: 27

Number of Beneficiary: Total houses surveyed 100 and family members given awareness on dengue fever and water borne diseases . So for these family members we have given awareness about the breeding of mosquito as well as the eradication of mosquito breeding containers or breeding sites in and around living should be taken into consideration.

Title of the Activity: Awareness Programme on Vector Borne Diseases and its Preventive Control Measures

Date/Day	21/07/2022 Thursday
Time	10.09 am to 11 am
Place	Kale , Karad
Name of the collaborating Agency	Primary Health Centre, Kale
Contact Details	Dr. Kagdi 9423826665

Activity Report

In Kale village in a Karad Taluka total 100 houses inspected for water holding containers in indoors, outdoor, and roof top for Aedes larvae. History collection of family members .Assessment of family members for illness like fever. Containers used for preserving water , such as plastic barrels , tanks and cement cisterns were the most essential containers for larval breeding. Tires in outdoors and rooftops of the households were also important for larval

breeding. Total 9 containers were found with larvae was emptied. Mass education given on vector borne diseases and preventive and control measures. Total 20 family members were present for the programme.

Impact Outcome: Awareness about the breeding of mosquito as well as the eradication of mosquito breeding containers or breeding sites in and around living should be taken into consideration.

Summary report of tree plantation program of July 2022

Tree plantation program done by Extension unit in July 2022 in collaboration with respected Gram panchayat. Plant selected on demand of respective Gram Panchayat. Mainly Ayurvedic and Fruits and Flower plants were selected by team of Grampanchyat. Environmental conservation is important now a days. Social foresting is backbone of Environmental conservation. Hence Tree plantation is very important. Institute every year plans tree plantation program in all adopted villages.

Plants were selected on 8 July 2022 from nursery and distributed at every village. Tree plantation sites were selected by respective Grampanchyat and pits were made by team of every gram panchayat & finally plantation was done according to following time table at every village. School students, Grampanchyat officials, and Extension unit of KIMS tree plantation was done at selected places.

Tree Plantation Time table

Date	Name of village	Site of tree Plantation

Title of the Activity: Water Container Survey

Date/Day	25/07/2022 Monday
Time	10.15 am to 1 pm
Place	Kale , Karad
Name of the collaborating Agency	Primary Health Centre, Kal, Karad.
Contact Details	Dr. Kagdi 9423826665

Activities:

Home to home survey done for any clinical signs of signs & symptoms of Dengue, Malaria etc. such as fever with chills or rigors etc. Nursing care taken of such cases immediately followed by referral services to the nearest Govt. health centers. A household entomological survey was conducted in rural area of Kale, Karad Taluka in Satara District. Total no. of screened families for water containers are-100.

Impact /Outcome

The families were instructed to make container empty, washed thoroughly & let it Dry for one day. This prevents the growth of the larvae & destroys breeding places for mosquito. This will definitely helps to prevent & control vector borne disease.

Number of Teachers Participated: 1

Number of Students Participated: 27

Number of Beneficiary: Total houses surveyed 100 and family members

Activity Report –

2nd year BBSC (Nursing) students organized Group education Programme on 26-07-2022 with the objective of creating awareness among PNC group on PNC care, diet & exercise, breast feeding, immunization & family planning methods. Students organized this programme at 09.30 -10.30 am in multipurpose hall of Sub District Hospital, Karad under the guidance of Mrs. Manda Phuke, clinical instructor during their community clinical experience. Students used posters, flash cards to explain the topics. Also Sub District Hospital sister given information about various schemes Govt. started for ANC mothers as well as students.

Impact / Outcome –

More than 33 PNC mothers were present for group education; they listen the information & ask their doubts. Students and teachers answered their question and cleared their doubts.

It helps students to improve their communication skill, team spirit, self confidence etc and be aware about social responsibility.
