# ABOUT CONNAISSANCE

Greetings everyone,

Connaissance is an academic fest organized by the students and for the students of Krishna Vishwa Vidyapeeth, Karad. "Coming Together Developing a World for Sustainability" is our theme for this year's conference, which aims to bring together individuals, organizations, and experts who are committed to creating a sustainable world. Connaissance, our annual festival, is a 10-day event starting from 25th March to 3rd April.

Connaissance is an event that encompasses a wide range of activities and competitions that cater to diverse interests and skills. From Model United Nations (MUN) to Shark Tank, the event offers a unique platform for participants to showcase their talents, knowledge, and expertise.

MUN is a popular competition that provides participants with the opportunity to simulate United Nations conferences. Participants represent different countries and engage in discussions and negotiations to resolve global challenges. Shark Tank, on the other hand, is an entrepreneurial competition where participants pitch their business ideas to a panel of judges, who then evaluate and provide feedback on the feasibility and potential of the ideas.

Apart from these, Connaissance also features other events such as quiz competitions, cultural events, and much more. These competitions offer participants the opportunity to showcase their creativity, problem-solving skills, leadership abilities, and teamwork.

Connaissance is not just a platform for competition; it is also a forum for learning, networking, and building relationships. Participants can attend workshops, seminars, and talks by experts and gain insights into various fields.

Our goal is to provide a holistic learning experience for students and create an atmosphere that encourages intellectual curiosity, innovation, and leadership. We invite students from all disciplines to participate in Connaissance and unleash their full potential.

The festival will culminate with a grand closing ceremony that will celebrate the achievements of students, recognize their hard work, dedication and discover their full potential. Get ready for a memorable experience filled with fun, learning, and personal growth.

FROM THE DESK OF DIRECTOR

Dear Students, Staff, and Guests,

I am delighted to extend a warm welcome to Connaissance 2023, our annual fest that celebrates diversity, creativity, and innovation among our students. This year's event is set to be more exciting, engaging, and transformative than ever before.

Connaissance provides a unique opportunity for students to showcase their skills, talents, and knowledge in a range of fields. Our fest features a variety of activities from Model United Nations to Dare to Diagnose and many more, that cater to diverse interests. Our fest is an excellent opportunity for students to cultivate social and emotional skills such as teamwork, communication, and creativity.

As the Director of Connaissance, I feel honored to be a part of such a vibrant and dynamic community of students, staff, and guests. At Connaissance, we encourage our attendees to challenge the status quo, to think beyond the conventional, and to create something that truly makes a difference. We believe that knowledge should be shared, ideas should be exchanged, and new connections should be made.

Connaissance 2023 is proud to present the theme "Coming Together: Developing a Community for Sustainability", which aims to encourage students to think about the importance of sustainability and work towards creating a more sustainable future. At Connaissance 2023, we believe that sustainability is not just about protecting the planet, but also about creating a more just and equitable society. Our fest is a unique opportunity for students to engage in activities, workshops, and competitions that promote sustainable practices, sustainable development, and innovative solutions to environmental challenges.

I invite you to be a part of this exciting event and to take full advantage of the opportunities that await you. Whether you are a seasoned professional or a young entrepreneur, Connaissance has something to offer for everyone.

Let's experience the power of collective knowledge.

Best regards,
