I have noticed many things during my visit to the institute on 25th Nov, 21. This was the period that students were enjoying 'out of lockdown' effects. They were found enthusiastic in 'direct learning' from the teachers. I had attended the meeting on framing the syllabus for new courses. I wish to appreciate the sincerity and interest taken by the faculty members in making it worth for the students. My suggestions and opinions were taken positively. I have an interaction with students during guest lectures. There I realized the need of institutes and teachers to provide counselling to the students towards developing academics as well as soft skills. I am happy that these things are being addressed well by the faculty members.
